A • FOREWORD MINISTER OF HIGHER EDUCATION, SCIENCE, AND TECHNOLOGY REPUBLIC OF INDONESIA

Higher education is a very effective means of enhancing the dignity of a nation, as it brings enlightenment through in-depth knowledge, thereby accelerating the country's goal of creating a just and prosperous society. Japan, for example, through the Meiji Restoration, is a country in the Far East that has been able to compete with Western countries in economic and technological advancement thanks to its higher education. Indonesia, as a representative of Asia and the Global South, also needs to do the same, not only for Indonesia but also for the world. Studying in Indonesia offers a transformative experience that combines academic excellence with a rich multicultural environment

Outside the classroom, the country's legendary hospitality and low cost of living make it an attractive and affordable destination for international students. Living among hundreds of ethnic groups and languages, students develop a high level of cultural intelligence and adaptability, skills that are increasingly vital in today's global job market.

Indonesia also introduces its diverse and rich cultural heritage, linguistic richness, and noble values and local wisdom. Ultimately, Indonesia offers more than just a degree; it provides an immersive experience into a dynamic and rapidly developing country that is now a key player on the world stage. By doing so, they will not only develop their academic capacity, but also cultural, linguistic and life skills which will shape them to be culturally adaptable and socially aware professionals.

Brian Yulianto

Minister of Higher Education, Science, and Technology

B. FOREWORD DIRECTOR GENERAL OF HIGHER EDUCATION

Indonesian universities have achieved historic milestones on the global stage, reflecting a significant leap in academic quality and international impact. In the latest QS World University Rankings 2026, Indonesian's university securing its place among the world's top 500 institutions. These achievements are bolstered by the fact that dozens of Indonesian researchers are now listed among the Top 2% of scientists worldwide, proving that the nation's higher education system is no longer just a regional leader, but is a formidable competitor in the global academic competition landscape. Indonesian universities consistently rank in the Top 50 globally for the THE Impact Rankings (SDG 4: Quality Education), reflecting the high quality and practical application of their educational research. Indonesian universities have demonstrated exceptional research prowess in the educational sector, particularly through the lens of digital transformation and pedagogical innovation.

Recent data from early 2026 highlights that Indonesian University have led the nation in Scopus-indexed publications, focusing on high-impact areas such as STEM-based learning, AI integration in classrooms, and gamified education. One of the things Indonesia is globally renown for is its quality education. Not only that Indonesian universities have demonstrated excellence in the advance of sciences, but they also are able to stand tall among global big leagues of higher education institutions. It was in the spirit of strengthening Indonesia's position in the global position of higher education and to support the human development of developing countries that Beasiswa Kemitraan Negara Berkembang, or more popularly known as KNB Scholarship, was first offered in 2006.

Khairul Munadi

Director General of Higher Education Ministry of Higher Education, Science, and Technology

C. BRIEF INTRODUCTION OF KNB SCHOLARSHIP

Kemitraan Negara Berkembang Scholarship, popularly known as KNB Scholarship, is a financial assistance offered by the Indonesian Government to prospective international students coming from developing countries to pursue their degree (Bachelor, Master or Doctorate Degree) at one of the universities in Indonesia. The scholarship was conceived in the 10th Conference of Heads of States of Non-Aligned Movement (NAM) countries, 1st–6th September 1992. The Government of Republic of Indonesia began to offer the scholarship to potential students from NAM member countries in the following year. The regional exclusiveness of the scholarship was revoked in 2002 since it had developed global interest. It was then the scholarship was officially renamed as Kemitraan Negara Berkembang Scholarship (KNB) and the recipients were no longer limited to NAM member countries. To date, the scholarship has also been offered to other developing countries in Asia, Pacific, South America, Africa, and Eastern Europe. Eventually, the scholarship is expected to build the people-to-people relations between Indonesia and the recipient countries. It aims at nurturing their future leaders.

KNB offers an experience of studying in top universities in Indonesia and at the same living in one of the world's most diverse and vibrant society. By getting the scholarship, students will experience quality postgraduate programs managed by the 47 (forty-seven) university partners.

Their degrees will enhance their intellectual standing, develop their competencies, and open wider professional opportunities, a foundation for post-college success. Certainly, they will also be able to enjoy first-hand experience of living in a multicultural and multilingual society. Since 2006, KNB Scholarship already have 2299 students and alumni from 107 (one hundred and seven) countries. In 2026, Ministry of Higher Education, Science, and Technology of the Republic of Indonesia with 47 (forty-seven) KNB Scholarship host universities in Indonesia will continue to carry out the selection of the KNB Scholarship program with three major of education for bachelor, master and doctoral.

6. The Selection Results will be broadcasted online through the KNB Scholarship website and officially announced through the Indonesian Publication Network.

During the application process, please pay close attention to some important information below:

1. We strongly suggest you to collect as many information as possible on the universities and your desired study program. Please be advised that once you are admitted, changing either the universities or your study program is strictly prohibited;
2. The recommendation letter from Indonesian Embassy is mandatory. The recommendation letter's year must be the same as the selection year. The recommendation letter will be issued based on verification and necessary background and/or security checks conducted by the Indonesian Embassy. In case of no Indonesian official representative in your country, you need to obtain the letter from any Indonesian Embassy accredited to your country. For further information about Indonesian Embassy, you can check this in our Ministry of Foreign Affairs website: <https://www.kemlu.go.id/perwakilan>
3. All the required documents have to be written or officially translated in English or Bahasa
4. The universities will be conducting the selection process that should include online interview and psychological test with the potential candidates.
